**MMR INFORMATION SYSTEMS, INC. CEO ROBERT H. LORSCH IN CAPE TOWN  
ON FINAL LEG OF TWO-WEEK LAUNCH OF MMRGLOBAL**

CAPE TOWN, SOUTH AFRICA (April 28, 2010) - [MMR Information Systems, Inc.](http://www.mmrinfo.com) (MMRF.ob) Chairman and CEO Robert H. Lorsch is in Cape Town wrapping up nearly 10 days of meetings which started in Dubai and continued to Johannesburg with Chartis International regional executives, government officials, healthcare professionals, Nihilent Technologies, the Company's technology partner, and investors as part of the international launch of MMRGlobal products and services.

MMRGlobal is introducing MMR's proprietary suite of online Personal Health Record products that include the Company's [MyMedicalRecords.com](http://www.mymedicalrecords.com) PHR and its [MyESafeDepositBox.com](http://www.myesafedepositbox.com) virtual vault. The Company also markets a suite of professional products and services, including the MMR Stimulus program and MMRPro available at [www.mymedicalrecordsmd.com](http://www.mymedicalrecordsmd.com).

Lorsch said, "It is becoming clear that the worldwide demand for health information technology and related products and services represent significant growth opportunities for MMR. Governments around the world are focusing on cost-effective solutions for improving and maintaining the health of their populations without paper, which is what MMR does best."

As part of this trip, MMR also had four days of meetings with Chartis International, introducing a branded MMRGlobal MyESafeDepositBox to Chartis executives from around the world, which can be previewed at [www.mymedicalrecordsonline.com/videos](http://www.mymedicalrecordsonline.com/videos). The Company's agreement with Chartis gives it the opportunity to deploy MMR's products in 160 Chartis global markets. Initially, MMR anticipates launching Chartis branded products in the United Kingdom, France, Germany, Japan, South Korea, Singapore, Malaysia, South Africa, Russia, Ukraine, Finland, Hungary, Czech Republic, Poland, Israel, Estonia, Lithuania, Romania and other countries in Europe, Asia and the Commonwealth of Independent States in addition to select countries in Central and South America, including Argentina. Translations of the product are first expected to be available in English, Spanish, French, German, Italian, Japanese and Chinese.

Lorsch continued, "We are uniquely positioned to support Chartis, healthcare professionals and governments around the world with a suite of easy-to-use patented products and with our strategic partner Kodak. In addition to existing relationships in China, we are also working with our technology partner, Nihilent Technologies, to develop opportunities in India and South Africa, where Nihilent already has in excess of 2,000 employees on the ground. When we add that to the Company's evolving launch plans with Chartis, we are quickly becoming a global company with a platform available from anywhere in the world."

**About MMR Information Systems, Inc.**

professional organizations and affinity groups. MyMedicalRecords enables individuals and families to access their medical records and other important documents, such as birth certificates, passports, insurance policies and wills anytime from anywhere using the Internet. The MyMedicalRecords Personal Health Record is built on proprietary, patented technologies to allow documents, images and voicemail messages to be transmitted and stored in the system using a variety of methods, including fax, phone, or file upload without relying on any specific electronic medical record platform to populate a user's account. The Company's professional offering, MMRPro, is designed to give physicians' offices an easy and cost-effective solution to digitizing paper-based medical records and sharing them with patients in real time. MMR is an Independent Software Vendor Partner with Kodak to deliver an integrated turnkey EMR solution for healthcare professionals. MMR is also an integrated service provider on Google Health.
